4th grade soccer on artificial turf fields use this field setup:

Goals: on site are 24ft. in width

-- position the goals at the football 15 yd line on each end of the field

-- use the football sidelines throughout the game

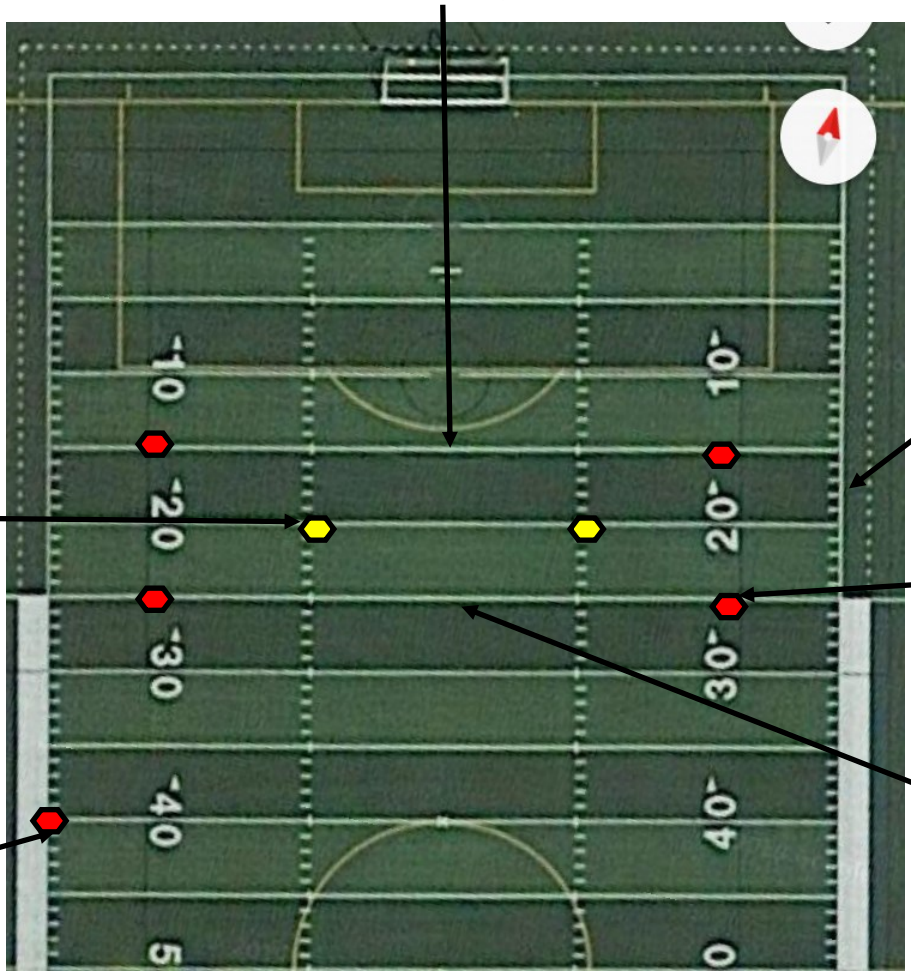
-- top of the goal box is on the 20 yd line and the sides are the football hash marks - goal kicks are taken from there.

-- The top of the penalty box will be the 25 yd line and the sides are the blue Lacrosse lines

-- The Build Out line is at each 40 yd line

- PK s are taken from the 25 yd line.

Move Goals up to 15 yard line



Out of bounds is the football markings

Goal Box is the 20 yard line and football hash markings . Cones can be place on corners to help mark box. This is where goal kicks are to be taken.

Penalty Box is the 25 yard line and the blue Lacrosse lines or 5 yards in from the side line. Flat cones should be used to mark penalty box.

Build out line is the 40 yard line
